

Kyocera Hydro Edge C5215 User Guide

Key Functions

- **Proximity Sensor/Light Sensor** detects how close an object is to the surface of the screen. This is typically used to detect when your face is pressed up against the screen.
- **Smart Sonic Receiver (Internal)** lets you hear the caller and automated prompts. See [Smart Sonic Receiver](#).
- **Back Key**  lets you return to the previous screen, or close a dialog box, options menu, the Notifications panel, or onscreen keyboard.
- **Home Key**  returns you to the home screen. Touch and hold to open the recently-used applications window.
- **Menu Key**  lets you open the menus of the current screen or application.
- **Touchscreen** displays all the information needed to operate your phone. Use finger gestures to navigate and interact with items on the screen.
- **LED Indicator** displays a phone notification, charging status, or alert.
- **Headset Jack** allows you to plug in an optional headset for convenient, hands-free conversations.
- **Power Button** lets you turn the phone on or off or turn the screen on or off, or switch your phone to silent mode, vibration mode, or airplane mode.
- **Charger/Accessory Jack** allows you to connect the micro-USB cable (included) to charge the battery or to transfer files to and from a computer.
- **Microphones** transmit your voice for phone calls or record your voice or ambient sounds for voice recordings and videos.
- **Volume Button** allows you to adjust the ringtone or media volume when you are not on a call, or adjust the voice volume during a call.
- **Camera Button** lets you activate the camera and video camera, and take pictures and videos.
- **Speaker** lets you hear the different ringtones and sounds. The speaker also lets you hear the caller's voice in speakerphone mode.
- **Internal Antennas** facilitate reception and transmission. To maximize performance, do not obstruct while using the phone.
- **Camera Lens** lets you take pictures and videos.
- **Camera Flash** helps illuminate subjects in low-light environments when taking a picture or recording a video.

Phone Calls

Make Phone Calls

There are several convenient ways to place calls from your phone.

Call Using the Phone Dialpad

The most "traditional" way to place a call is by using the phone's dialpad.

1. Touch **Home**  > **Phone**. If the dialpad is not displayed, touch the Phone tab .
2. Touch the number keys on the dialpad to enter the phone number.
3. Touch the Talk key  to call the number.

Text Messaging and MMS

With Text Messaging (SMS), you can send and receive instant text messages between your wireless phone and another messaging-ready phone.

Multimedia messages, or MMS, can contain text and pictures, recorded voice, audio or video files, picture slideshows.

Compose Text Messages

Quickly compose and send text messages on your phone.

1. Touch **Home**  >  > **Messaging**.
2. On the Messaging screen, touch . The Compose screen opens.
3. Fill in one or more recipients. You can:
 - Enter phone numbers or email addresses in the **To** field. If you're sending the message to several recipients, separate the phone numbers or email addresses with a comma. As you enter information, any matching phone numbers or addresses from your contacts list are displayed. Touch a match to enter that number or address.

If you are needing additional assistance with your device please give us a call at 1.855.204.3667.
